Hal Grimshaw  
Belden Hiramoto Liu & Co**

Ron Dymek of Dymek's Freedom Plumbing gave the classification talk this week. Ron showed us pictures and explained that the Phyn Plus whole house monitoring system enables you to turn off your water every time you leave home. You can monitor your water usage and prevent expensive repairs from leak damage. The indoor or outside installation of a Noritz Tankless Water Heater also prevents a hot water heater tank from leaking and damaging floors and walls. Ron showed us his trucks for hydro jetting residential and commercial sewer and area drains. They also install water softeners and earthquake gas safety valves.

His services also include, but are not limited to:

- Water Heater Installations
- Video Inspections
- Leak Detections
- Line Locations
- Gas Leak Detections
- Slab Leak Repairs
- Sewer installations and repairs

They are licensed to work in the:

- Public Right of way
- Drain Cleaning
- All other types of plumbing!
