Lorna Scherff was our hostess at Speedpro Imaging this week. She explained vehicle wraps, fleet decals, and the design process, customizable coverage, to include logo, slogan and services. They can make adjustments to fit every make and model of car, truck or fan. The decals can be made to order for existing vehicles in the fleet. The decal is a giant, intricate sticker installed at their location or the clients'.

For national accounts they can work with other Speedpro locations all over the country (example: Texas, Colorado, Virginia, New York. They can ship from their shop or send art work to be printed and installed at another Speedpro. Their clients include California Pizza Kitchen, Farmers & Merchants Bank and MaxGen Energy Service.
