With 15 reporting, EAOC members had \$51,473,000 in total sales in 2018.

Kenneth King of Jub Jub Interactive gave the Mini Talk this week. Kenneth explained Jub Jub Interactive's new program Website Essentials, for only \$1500 for website development (one time) and \$100 per month (hosting, maintenance including SSL certificate). The website can have five to ten pages selected from templates. It will be a

beautiful clean professional design, search engine optimized, reliable hosting, and mobile friendly. If you want to inspire confidence in your customers and increase your revenue, built for generating visitor engagement and customer conversion, Website Essentials is the way to go.

Kenneth informed us that they need content, logo and images to complete the site. Stock images are much less expensive than they use to be. If you need help writing content they have vendors to assist you for an extra fee. For a simple website contact Jub Jub Interactive.

Thought for the Week

"There are two types of people who will tell you that you cannot make a difference in this world: those who are afraid to try and those who are afraid you will succeed." --
