We always enjoy Bob Malin's sense of humor when he gives his classification talk. Bob was born in the mountains of Colorado where he started working a paper route at age of 11 and hasn't stopped working since. He graduated with a BS in aeronautical engineering from the University of Colorado, an MS in Mechanical Engineering from California State University Long Beach, a certificate in Business Management from the University of California Irvine and a Juris Doctor from Western State University. He was an engineer at Boeing in Seattle for 3 years, at Aeroneutronics for 1 year and at Douglas in Huntington Beach for 11 years. Bob married his high school sweetheart for 54 years. They have two sons and two grandchildren still living at home.

Bob has been an attorney for years and a sole practitioner since 1998. The following is a **partial list** of the more common legal services provided by Bob.
