*REDEFINING THE BEST WAY TO DO BUSINESS IN THE 21ST CENTURY*

*Built-in to stand out.*

Phil established Kintz Cabinets Custom Woodworking in 1987. In the thirty-plus years he has been in business, he has earned a reputation in Orange County as a craftsman with integrity, and a DEEP commitment to customer service, quality, function, and attention to detail on EVERY custom project.

Phil enjoys working closely with clients, and as such has made a conscious effort to keep his business small. This ensures he is actively involved in all aspects of his clients' projects, from the initial consultation to final installation.

As a result, he has maintained positive relationships with his clients over many years, receiving the bulk of his referrals from friends and family members of previous clientele. Having completed and built thousands of projects, including cabinets for kitchens, bathrooms, great rooms, china hutches, entertainment centers, home theaters, libraries, home offices, and bars, Phil still finds each project a unique opportunity to not only make your space beautiful, but to expertly incorporate the elements of purpose, design, and function.
